Summary

A Software Development Engineer I Frontend with a year of practical experience gained through internship and freelance projects. I'm proficient in HTML5, CSS3, JavaScript, Bootstrap5, and React JS, using these tools to build dynamic and visually appealing websites. My focus is on creating seamless user experiences that are both functional and aesthetically pleasing. I'm always eager to learn and grow, and I'm excited to contribute my skills to innovative projects.

Experience

internship at Farapi :   *(june 2024 – December 2024)*

- Refactored code in projects achieving better efficiency and management
- Developed landing pages and Web Apps using React JS *(From Scratch)*
